Re: Scholarship Recommendation for Micah Thomas

Greetings Program Committee,

It is with great pleasure I pen a letter of recommendation for Ms. Micah Thomas. Ms. Thomas is a young lady of many honorable and mentionable qualities. She is one who is highly self-motivated and who strives to attain the higher educational challenges as exemplified in her current pursuit to become a doctor.

Ms. Thomas, has participated in many extra-curricular activities which includes; but is not limited to: Kankakee Varsity Track and Field, Kankakee Varsity Cheer, Kankakee Valley Symphony Orchestra, President of my NAACP Youth Council, NAACP Youth Publicity Committee chairperson, Member of Student Council, Executive Board, National Honors Society and Music Honors Society; Micah served as an election judge in the most recent Presidential election; Micah has donated blood and volunteered in the Red Cross blood drive for the last 2 years.

Micah is very active in her local church which is where I became acquainted with her. I've known Micah since birth; She has proven to be a very hard worker with integrity and she has a passion for helping others. She has always exemplified a "can-do" spirit in all areas. Even in the face of doubt and uncertainty, Micah's determination and tenacity gives her the courage to reach her goals.

Last, but certainly not least, Micah has a genuine relationship with the Lord. She is a wonderful, smart, generous over-achiever; but, more than these, she is a Christian young lady who loves the Lord. God has many plans for Micah. I have no doubt that He will see her through. She's been faithful in her endeavor of academic excellence. Her pursuit of excellence has opened many doors for her throughout her life. I am confident the best is yet to come and we will be reading about Ms. Micah Thomas in the future!

Finally, it is my honor to recommend Ms. Thomas for your scholarship. She has worked very hard to attain all the accolades spoken of earlier and I know as a recipient of this award she will continue to pursue her dream to become a very successful doctor. Micah,

once again will be fulfilling her passion and dreams of helping others and impacting her community!

Sincerely,

Brenda Ervin
